

RIVO MULTITRADE OPTICAL SYSTEMS

26-circuit double-layer distribution box

Overview

A 26-way modular PC distribution box. Made of high thermal stability plastic (Operating temperature from -25 to 100°C). Secure power management with BENY BX26. Features patented design, IP65 rating, and flame-retardant materials for optimal safety. A 26-way distribution box features 26 individual slots (or "ways") for circuit breakers, enabling the management of multiple circuits from a single unit. This configuration is ideal for medium to large installations where numerous circuits are required for lighting, power outlets, appliances, and. 26-way waterproof distribution box, large-capacity single-row design with bottom opening. Configurable with fuse, SPD, disconnecter, or breaker for use as a PV combiner box. The AT-26 waterproof. Futina FTTL series DB box 20/26/36 way is divided into two kinds, flush mounted type and surface mounted type. The DIN-rail can be adjustable, and the two terminals (ground connection and zero connection) in the box are easy for the user wiring and routing. These panelboards have many different options for your enclosure box and its accessories.
