

RIVO MULTITRADE OPTICAL SYSTEMS

A reputable manufacturer of Dutch cable trays

Overview

With cable duct (Tray or Lock) you ensure maximum protection and the cables are routed out of sight.

Key Takeaways

Top recommended manufacturers of Dutch-style cable trays include Stago (Wibe Group), Niedax Group, Staalbouw Dijkstra, and Brilltech Engineers, offering high-quality, durable, and compliant cable management systems. Leading Manufacturers

1. Stago (Wibe Group) Stago cable trays are manufactured in the Netherlands and are known for their strength, flexibility, and installation efficiency. They offer perforated, reinforced, and closed tray designs suitable for commercial buildings, industrial facilities, and data centers. Key features include double return flanges, reinforced tray designs, and smart system components like the Unilock coupling for quick mounting and electrical continuity. Their systems are certified for fire resistance (E30, E60, E90) and come in multiple finishes and custom RAL colors. Stago also provides BIM models, Environmental Product Declarations (EPD), and technical documentation to support compliance and specification needs .
2. Niedax Group The Niedax Group, based in Germany but with a global presence, offers steel, aluminum, PVC, and GRP cable management systems. They provide full-service solutions including planning, technical consulting, and installation support. Their portfolio includes cable trays suitable for ceilings, walls, and floors, with a focus on industrial and energy projects. Niedax also operates specialized subsidiaries like Rico Engineering for complex cable route planning .
3. Staalbouw Dijkstra Staalbouw Dijkstra produces and supplies cable trays in aluminum, stainless steel, Sigmaweld, and steel, offering a wide range of sizes and formats. They provide fast delivery across the Netherlands and cater to both standard and custom project requirements .
4. Brilltech Engineers Brilltech Engineers is a prominent cable tray manufacturer and supplier in the Netherlands, offering durable trays made from galvanized steel, stainless steel, and fiberglass. Their products are designed for enhanced safety, airflow, and cable protection, and they provide technical support for system design, installation, and maintenance. They specialize in perforated trays that improve cooling and optimize space efficiency .

Additional Resources

For a broader selection of suppliers, the Volza directory lists over 500 active ladder and cable tray exporters in the Netherlands, allowing users to filter by shipment frequency, volume, and reliability to identify suitable manufacturers for specific projects .

Summary

For Dutch-style cable trays, Stago (Wibe Group) is highly recommended for robust, certified systems with flexible configurations. Niedax Group and Staalbouw Dijkstra offer versatile European solutions with strong technical support, while Brilltech Engineers provides high-quality, durable trays with installation assistance. These manufacturers ensure compliance with safety standards, fire resistance, and efficient cable management for industrial and commercial applications.
