

RIVO MULTITRADE OPTICAL SYSTEMS

Air raid socket three-level distribution box

Overview

With a three-hole configuration and 10A current rating, this modular socket is ideal for industrial machinery, automation systems, and electrical control panels. The CHINT A30 Industrial Socket Modular and Digital Air-Opening Guide Rail Box Distribution AC30-108 is a versatile and high-performance solution for power distribution in industrial environments. The built-in circuit breaker group ensures working performance and reliability, and is easy to use and safe. ●Portable, and provide flexible power supply output ●Executive standard DIN VDE0623 IEC60309-2 ●Protection degree IEC60529,IP65 SP series PC power maintenance box is in line with relative IEC standards. which is for electrical network (50-60Hz, Voltage not higher than 660V). Available in both 15 kV and 25 kV configurations with 600 A deadbreak bushings, the AIS-13A PME type offers flexibility and high.
