

Applications of Austrian U-shaped cable trays

Overview

The wire cable ducts / mesh trays are suitable for industries with specific requirements such as industrial automation (machine power cables and pipes) and the food industry (hygienic and easy to clean wire ducts). These cable trays from LANZ are made of robust steel, with rounded shapes and with halogen-free polyethylene coating IEC 60754-1 / EN 50267-2-1 compliant (RAL 7035), or stainless steel. U-channels are ideal installation channels when small quantities of cables need to be installed solidly, quickly. Jeetmull Jaichandlall (P) Ltd. We believe in building fruitful business partnerships. Every buyer chooses us first because of our excellent finishing and high-quality. We offer a wide range of cable tray systems to support tubing, electrical cables and instrumentation. Our cable trays are produced in fit for purpose materials like stainless steel, galvanized, aluminium and fibreglass (FRP/GRP) composites to suit any project type both offshore and onshore. The light duty 'U shaped' tray has a joggled end that allow provide quicker on-site installation.
