

Custom Price of Fireproof Cable Trays in the Netherlands

Overview

Stainless steel cable trays | CC Nederland Custom dimensions can be produced upon request. The rounded design protects cables and hoses, while our patented.

Key Takeaways

You can request price quotes for fireproof cable trays in the Netherlands from suppliers like Eurostrut, CC Nederland, and Ekabel24, offering stainless steel, halogen-free, and industrial-grade options. Supplier Options

1. Eurostrut Eurostrut provides cable trays suitable for industrial and marine applications, including distribution trays and NATO-type models. You can request a quote directly through their webshop, which allows customization based on size, material, and fireproof requirements . 2. CC Nederland B.V. CC Nederland offers SILTEC stainless steel cable trays made from AISI 304, providing excellent corrosion resistance and durability. They offer lengths of 3000 mm, widths from 25 mm to 600 mm, and heights from 25 mm to 125 mm. Custom dimensions can be produced, and their trays are suitable for fireproof installations due to stainless steel's high heat resistance . 3. Ekabel24 Ekabel24 supplies a wide range of cable trays, including hot-dip galvanized steel, stainless steel, and halogen-free plastic systems. Their products comply with DIN EN 61537 and international standards, making them suitable for fire-resistant applications. They cater to industrial facilities, construction projects, and renovation professionals . 4. Gouda Holland Gouda Holland provides cable ducts and trays in closed or perforated versions, including glass fiber reinforced polyester ladders. These materials offer fire-resistant properties and are widely used in industrial, marine, and machine-building applications .

Key Considerations

- **Material:** Stainless steel and glass fiber reinforced polyester are preferred for fireproof applications.
- **Standards Compliance:** Ensure trays meet DIN EN 61537 or equivalent fire safety standards.
- **Customization:** Many suppliers offer custom sizes and configurations to fit specific installation requirements.
- **Requesting Quotes:** Most suppliers provide online forms or direct contact options to obtain a price quote based on your project specifications. For the most accurate pricing, it is recommended to contact these suppliers directly with your required dimensions, material preference, and quantity. This ensures the quote reflects fireproof specifications and delivery to the Netherlands.
