

Dutch Data Center Rack Manufacturer

Overview

Top 100 Rack Manufacturers in Netherlands (2026) | ensunInterRacks is a Dutch ISP and manufacturer that offers various datacenter services, including coloc.

Key Takeaways

All-Rack and Schneider Electric Netherlands are leading providers of data center racks and custom solutions in the Netherlands. All-Rack

All-Rack is a Dutch company specializing in custom data center products for both large data centers and smaller on-premise server rooms . Founded in 2006, All-Rack offers tailor-made solutions that address unique client requirements, including limited space, complex infrastructure, and specific climate conditions . Their services cover the full process from design to assembly, ensuring high-quality installation and reliable performance. All-Rack is based in Schiphol-Rijk, in the heart of the Dutch data center hub, and has extensive experience in delivering over three hundred 19" racks for large-scale projects .

Schneider Electric Netherlands

Schneider Electric Netherlands provides a wide range of open and enclosed server racks suitable for data centers, server rooms, network closets, and industrial applications . Their offerings include high-strength racks optimized for AI workloads, pre-configured micro data centers, and soundproof or specialty enclosures. Schneider Electric emphasizes customization, allowing clients to specify colors, outlet configurations, and integrated power distribution units (PDUs) while maintaining high reliability and performance standards .

Other Notable Dutch Providers

- Rackmount.IT: Specializes in custom rack mount kits for brands like Cisco, Fortinet, and Palo Alto Networks, focusing on secure installation and optimized airflow .
 - InterRacks: Operates its own Tier III and ISO27001 certified data centers in Enschede and Hengelo, providing colocation, rackspace, and high-speed connectivity .
 - Tecnolimit: Offers advanced IT network solutions, including industrial and data racks, with a focus on data security and integrated solutions for data centers .
- #### Summary

For businesses seeking data center racks in the Netherlands, All-Rack is ideal for customized, high-quality solutions, while Schneider Electric provides versatile, pre-configured and specialized racks for various environments. Other companies like Rackmount.IT, InterRacks, and Tecnolimit offer additional options for rack kits, colocation, and industrial rack solutions, ensuring a broad selection for different project needs.
