

Equipment manufacturers for optical cable production

Overview

Fiber optic cables are essential components in modern telecommunications, data centers, and various other industries.

Key Takeaways

Leading manufacturers of optical cable production equipment include Rosendahl Nextrom, Furukawa Electric, Sumitomo Electric, Yangtze Optical Fiber and Cable, and Dongguan Wirecan Technology.

Rosendahl Nextrom GmbH (Austria) – Offers complete fiber optic cable manufacturing solutions, including loose tube production, tight buffering, SZ-stranding, and integrated quality monitoring systems. Their equipment is known for high production speed, precision, and flexibility for indoor and outdoor cable applications . Furukawa Electric Co., Ltd. (Japan) – Provides a wide range of optical cable production equipment, including fiber drawing towers, ribbon fiber production systems, and stranding machines. They are recognized for high-quality engineering and global support . Sumitomo Electric Industries, Ltd. (Japan) – Supplies fiber optic cable production machinery such as fiber drawing towers, ribbon fiber systems, and complete production lines. Their equipment supports high-volume manufacturing and advanced cable designs . Yangtze Optical Fiber and Cable Co., Ltd. (China) – One of the largest optical fiber and cable manufacturers, also producing equipment for fiber drawing, stranding, and cabling processes. They serve both domestic and international markets . Dongguan Wirecan Technology Co., Ltd. (China) – Specializes in high-quality cable and optical fiber production equipment, including wire and fiber optic cable machines. Known for reliable engineering and after-sales support . Fiber Optic Center, Inc. (USA) – Focuses on distributing fiber optic production equipment and supplies, catering to laboratories and small-scale production facilities .

Equipment Types

Manufacturers typically provide machinery for:

- Fiber Drawing Towers – For producing optical fibers from preforms.
- Loose Tube and Tight Buffer Lines – For indoor and outdoor cable designs.
- SZ-Stranding Machines – Ensures precise stranding with low tension fluctuation.
- Ribbon Fiber Production Systems – For high-density cable applications.
- Quality Monitoring Systems – Real-time assessment of fiber length, tension, and defects .

Considerations

When selecting a manufacturer, consider:

- Production capacity and scalability
 - Equipment precision and reliability
 - After-sales service and technical support
 - Compatibility with intended cable types and applications
 - Cost-effectiveness and long-term maintenance
- These manufacturers represent some of the most reputable suppliers globally, providing solutions for both large-scale industrial production and specialized fiber optic applications.

2026 Top 8 Optical Fiber Cable Manufacturer in USA

Four of the eight largest optical fiber cable manufacturers operating in the United States are owned by parent

Fiber Optic Equipment | Tensor Machinery Ltd.

Meet Your Leader in Fiber Optic Machinery Tensor is known as a global leader in both innovative engineering and superior customer

10 Best Fiber Optic Manufacturers & Suppliers for 2026

The top 10 suppliers and manufacturers of optical cables in 2026. offering high-speed connectivity, durable builds, and

Fiber optic cable materials and production equipment | Roblon

The main purpose of this coating is to make the fibers robust in production, adding water-blocking properties, or increase rodent

Top USA Fiber Optic Cable Manufacturers | Reliable Solutions

Where to find fiber optic cable manufacturer usa supplier? The United States hosts several key manufacturing regions

Top 14 Fiber Optic Cable Manufacturers in the USA

Fiber optic cables are essential components in modern telecommunications, data centers, and various other industries.

Premier Cable Machine Manufacturer | HONGKAI

HONGKAI combines core equipment manufacturing with specialist machinery integration for fiber optic, LAN and low-voltage cable

fiber optic cable production lines and equipment

Each solution can be configured and customized around the required cable design / product, material selection, production capacity,

ASI Silica Machinery – ASI Silica Machinery is the global market

We have installed our products at leading optical fiber production sites throughout the world. ASI/Silica Machinery has an aggressive

10 Best Fiber Optic Manufacturers for 2026

This comprehensive guide examines the top fiber optic cable manufacturers delivering high-performance fiber optic

Top 24 Fiber Optic Cable Manufacturing Companies

If you want to find more companies that provide optical cables and connectors you can do so with Inven. This list was built with Inven
