

Explosion-proof distribution boxes directly from African manufacturers

Overview

Explosion Proof Distribution Box Manufacturers Are you aware that choosing the right explosion-proof box can make all the difference in safety and efficiency.

Key Takeaways

Key African suppliers of explosion-proof distribution boxes include EXB Electric, Extech Safety Systems, EX Protect, and WAROM MENA, offering certified solutions for hazardous industries. EXB Electric

EXB Electric, based in South Africa, supplies explosion-protected equipment and assemblies for petrochemical, oil & gas, and related industries. They represent Eaton Industries and CEAG GmbH, providing a wide range of flameproof and encapsulated components, including junction and terminal boxes. Their products comply with EN 60079 standards and are suitable for Zones 1, 2, 21, and 22 hazardous areas, offering high chemical resistance and reliable operation under adverse conditions .

Extech Safety Systems

Extech, with offices in Johannesburg and Durban, specializes in intrinsic safety and flameproof solutions for hazardous areas. They offer certified distribution boxes and instrumentation from brands like Eaton MTL, Beka Associates, Extronics, MercuryHMI, and i.safe MOBILE. Extech provides technical support, hazardous area interfacing, and networking solutions, ensuring compliance with ATEX, IECEx, and local standards

EX Protect

EX Protect, established in 2012 in South Africa, manufactures and supplies low-voltage electrical equipment for hazardous areas, including distribution boxes. Their products are Ex certified, designed for high-temperature resistance (up to 250°C), and include universal power termination systems for safe and efficient installation. They focus on customized solutions and fast delivery for industrial clients .

WAROM MENA

Although headquartered in the Middle East, WAROM MENA serves the African market and offers a comprehensive range of explosion-proof electrical products, including distribution boxes. They are recognized globally for IECEx and ATEX certifications, and their products are widely used in oil & gas, chemical, and industrial projects. WAROM provides technical support, assembly, and quality control, ensuring compliance with international safety standards .

Summary

For African clients seeking explosion-proof distribution boxes, these manufacturers provide:

- Certified products for hazardous zones (Ex e, Ex d, Ex i, Ex tb)
- Compliance with ATEX, IECEx, and EN 60079 standards
- Technical support and customization options
- Local presence in South Africa or regional distribution for Africa These suppliers are suitable for industries such as petrochemical, oil & gas, mining, and chemical processing, ensuring safety and regulatory compliance in hazardous environments.
