Fiber Optic Cable Huijue Fiber

Overview

Fiber Optic Cable Explore our Fiber Optic Cable collection, featuring main products like Optical Splitter, Fiber Patch Cord, ADSS Fiber Optic Cable Explore.

Key Takeaways

Huijue Fiber Optic Cables are high-quality telecom and communication products manufactured by Shanghai Huijue Network Communication Equipment Co., Ltd, widely used in fiber optic networks, data centers, and telecom infrastructure. Company Overview

Shanghai Huijue Network Communication Equipment Co., Ltd, established in 2001-2002 and headquartered in Shanghai, China, is a leading manufacturer and solution provider for telecom and communication products . The company operates a large R&D center, technical center, and prototype department in Shanghai, along with a 50,000-35,000 square meter production base in Jiangsu Province for metal precision production, assembly of cabinets, and optical fiber products . Huijue serves major telecom operators such as China Telecom, China Unicom, and international markets including the USA, Europe, Southeast Asia, and Australia .

Fiber Optic Products

Huijue specializes in a wide range of fiber optic components and cables, including:

- Optical Fiber Patch Cords: Single-mode (G.652, G.657A2) and multi-mode (OM1, OM2, OM3, OM4) for FTTH and LAN applications .

- Optical Fiber Connectors and Adapters: SC/APC, LC, and other connector types for high-performance network connections .
 - Optical Splitters: PLC splitters, fused couplers, and blade-type splitters for signal distribution .
 - Fiber Distribution Frames and Joint Closures: For organizing and protecting fiber connections in indoor and outdoor environments .
 - Indoor and Outdoor Fiber Cables: Flexible, butterfly, and remote optical cables suitable for various deployment scenarios .
- Applications

Huijue fiber optic cables and components are widely used in:

- Telecommunication networks for high-speed data transmission
- Data centers for structured cabling and network management
- Campus networks and intelligent districts
- Power and energy sectors for communication and monitoring systems
- New energy and industrial applications requiring reliable fiber connectivity

Quality and Certifications

Huijue emphasizes quality control and has obtained multiple international certifications, including ISO14001, ISO45001, CE, and RoHS, ensuring reliable and environmentally compliant products . Their production process covers everything from design to assembly, offering customized, one-stop solutions for clients worldwide.

Summary

Huijue Fiber Optic Cables are highly reliable, versatile, and globally recognized products suitable for telecom, data center, and industrial applications. With extensive manufacturing capabilities, a broad product range, and international certifications, Huijue provides both standard and customized fiber optic solutions for diverse networking needs .
