

Fiber Optic Cable Steel Wire Wholesale Manufacturer

Overview

This section provides an overview for fiber optic cables as well as their applications and principles.

Key Takeaways

Top manufacturers and wholesale suppliers of fiber optic cables with steel wire reinforcement include AFL, Corning, Shenzhen Necero, Dys Fiber Optic, and CableWholesale, offering bulk purchasing options for industrial and telecommunications applications. Leading Manufacturers

AFL – Based in Duncan, South Carolina, AFL is a prominent global manufacturer of fiber optic products, including aerial and armored cables reinforced with steel wire for outdoor and long-distance applications. They provide solutions for telecommunications, utilities, and industrial sectors, emphasizing high-quality performance and reliability . Corning – Corning offers a wide range of fiber optic cables, including aerial, duct, direct-buried, and microduct cables with steel wire reinforcement for tensile strength. Their ALTOS® and MiniXtend® product lines are designed for harsh outdoor environments and high fiber density, suitable for large-scale network deployments . Shenzhen Necero Optical Fiber and Cable Co., Ltd. – Located in Guangdong, China, Necero manufactures indoor and outdoor fiber optic cables, including armored types with steel wire for added durability. They provide OEM/ODM services and export to nearly 100 countries, making them a reliable choice for bulk orders . Dys Fiber Optic (Shenzhen DYS Fiber Optic Technology Co., Ltd.) – Specializing in advanced fiber optic products, Dys Fiber Optic produces outdoor armored cables with steel wire reinforcement, connectors, and data center solutions. They are recognized as a National High-tech enterprise in China and cater to telecommunications and industrial clients . CableWholesale – A U.S.-based supplier offering bulk fiber optic cables, including singlemode and multimode armored cables with steel wire for aerial or outdoor use. They provide wholesale pricing, bulk discounts, and a variety of accessories such as connectors and converters, making them suitable for large-scale installations .

Wholesale and Bulk Options

- Singlemode and Multimode Cables – Available in duplex or multi-fiber configurations, with steel wire reinforcement for tensile strength and protection against environmental stress .
- Outdoor Armored Cables – Designed for aerial, duct, or direct-buried applications, often including steel wire for mechanical protection .
- Bulk Purchasing – Many manufacturers and suppliers offer wholesale pricing, project quotes, and custom lengths to support large-scale deployments .
- OEM/ODM Services – Companies like Necero and Dys Fiber Optic can customize cable specifications, fiber counts, and protective sheathing to meet specific project requirements .

Considerations When Choosing a Supplier

- Cable Type – Ensure the cable is armored with steel wire if tensile strength and outdoor durability are required.
- Fiber Count and Mode – Singlemode for long-distance, multimode for shorter distances.
- Compliance and Standards – Look for Telcordia GR-20 or equivalent standards for reliability in outside plant environments .

- Global Reach and Support – Consider suppliers with international shipping, technical support, and bulk order capabilities. By selecting from these manufacturers and suppliers, you can source high-quality fiber optic cables with steel wire reinforcement suitable for telecommunications, industrial, and large-scale network projects.
