

Finding the distribution box

Overview

Bottom Line Up Front: Your home's distribution box (electrical panel) is typically located in the basement, garage, utility room, or mounted outside near your electrical meter. To find it quickly, look for a rectangular gray metal box about the size of a medicine cabinet, often positioned close to. The septic distribution box (D-box) receives liquid effluent from the septic tank. It acts as a flow divider, ensuring wastewater is evenly distributed into the multiple pipes of the drain field. In this guide, we'll explain how to locate your distribution. This septic system inspection article explains where to look for and how to locate septic system components for any purpose such as inspection, maintenance, troubleshooting or repair, or as part of the Septic Loading and Dye Test procedure for testing the function of septic systems.

Article Content

Where Is the Distribution Box Located and How to Find It

Learn where distribution boxes are typically located in homes and get step-by-step instructions for finding your electrical panel. Includes safety tips and
