How much does a Comoros mini electrical distribution box cost

Overview

12V Mini Power Distribution Box (Organizer Case), Comoros | UbuyShop 12V Mini Power Distribution Box (Organizer Case), Power Converters with 2 Anderson + 6.

Key Takeaways

Mini electrical distribution boxes in Comoros typically range from \$25 to \$60 depending on capacity, waterproof rating, and brand.

- Mollom 6 Way Power Distribution Box
- Capacity: Accommodates up to 6 miniature circuit breakers (MCBs)
- Features: IP66 waterproof rating, padlock capability, suitable for indoor and outdoor use
- Applications: Residential, commercial, and industrial projects requiring durable and secure power distribution
- Price Range: Estimated around \$40-\$60 based on similar listings in Comoros
- 5-Hole Outdoor Circuit Breaker Distribution Box
- Capacity: Supports up to 5 circuit breakers
- Features: IP65 waterproof, transparent cover for easy inspection, suitable for outdoor installations
- Applications: Home renovations, small-scale outdoor electrical setups

- Price Range: Estimated around \$25-\$40 depending on shipping and supplier

Factors Affecting Cost

- Waterproof Rating: Higher IP ratings (IP66 vs IP65) generally increase cost
- Material: ABS plastic is common and cost-effective; polycarbonate or composite enclosures are more durable and slightly more expensive
- Capacity: More circuit breaker slots increase price
- Delivery and Import Fees: Products shipped to Comoros may include additional shipping costs and import duties
- Brand and Supplier: Established brands like Mollom may be priced higher than generic or local options

Recommendations

- For residential or small commercial projects, a 5-6 way box with IP65-IP66 rating is sufficient
- For industrial or outdoor setups, consider higher capacity boxes with robust waterproofing and padlock security
- Always verify compatibility with local voltage standards and ensure installation by a qualified electrician. By considering these factors, you can select a mini electrical distribution box in Comoros that balances cost, durability, and safety.
