

RIVO MULTITRADE OPTICAL SYSTEMS

Indian Zinc Cable Tray Manufacturer

Overview

Electrotech Industries, a leading hot dip galvanized cable tray manufacturers in India, suppliers and dealers in India.

Key Takeaways

Leading Indian manufacturers of zinc and galvanized cable trays include Ajay Industrial, KP Green Engineering, Niedax India, and Bajiya Industrial Corporation, offering a wide range of perforated, ladder, and wire mesh trays. Key Manufacturers and Offerings

Ajay Industrial Corporation Limited (AICL) AICL is an ISO-certified manufacturer providing durable cable trays for industrial, commercial, and infrastructure projects. They offer perforated cable trays in widths from 25mm to 1500mm and depths from 25mm to 150mm, made from HR sheet, GP sheet, Galvalume, stainless steel, and aluminum. Surface finishes include hot-dip galvanized, powder-coated, painted, or self-finished metals. Custom designs are available to meet specific project requirements, ensuring corrosion resistance and compliance with safety standards (Ajay Industrial) . KP Green Engineering KP Green Engineering manufactures perforated and ladder-type cable trays suitable for heavy-duty industrial applications. Materials include mild steel, pre-galvanized steel, and FRP, with hot-dip galvanized finishes for outdoor and corrosive environments. They provide custom sizes in thickness (1.6–3mm), width (50–1200mm), and side rail heights (50–150mm). Accessories such as bends, elbows, reducers, and couplers are available for modular installation. Their trays are designed for high-load capacity, ventilation, and long-term durability (KP Green Engineering) . Niedax India Niedax India offers a comprehensive range of cable management systems, including steel, stainless steel, and fiberglass-reinforced polyester trays. They supply ladder trays, mesh grid trays, and pluggable metal conduits, focusing on safety, innovation, and compliance with industrial standards. Their products are suitable for complex installations requiring robust cable support and corrosion resistance (Niedax India) . Bajiya Industrial Corporation Headquartered in New Delhi, Bajiya Industrial Corporation produces over 5,000 MT annually, serving infrastructure, energy, metro, data center, and industrial projects. They manufacture perforated, ladder, and wire mesh trays with finishes like pre-galvanized, hot-dip galvanized, or powder-coated. Their offerings include detailed load charts, BIS test reports, and engineering drawings, supporting procurement and project engineering teams with customized solutions (Bajiya Industrial Corporation) .

Material and Finish Options

- Zinc-coated / Galvanized Steel: Provides corrosion resistance for indoor and outdoor applications.
- FRP (Fiberglass Reinforced Plastic): Lightweight, corrosion-resistant, and suitable for chemical environments.
- Aluminum and Stainless Steel: For high durability and aesthetic requirements.
- Finishes: Hot-dip galvanized, powder-coated, painted, or self-finished metals.

Applications

These manufacturers cater to a wide range of sectors:

- Industrial plants and refineries
- Data centers and IT infrastructure
- Commercial buildings and metro projects
- Rooftop solar power systems and substations

- Tunnels and infrastructure requiring heavy-duty cable management These suppliers provide customization, modular accessories, and installation support, ensuring that cable trays meet project-specific load, airflow, and environmental requirements. For sourcing, you can contact these manufacturers directly through their websites to request quotations, technical specifications, and delivery options.
