

Integrated Cable Tray Manufacturers

Overview

Top 50 Cable Tray Manufacturers in the US The top 50 cable tray manufacturers in the United States cable tray manufacturing sector are a robust and diverse.

Key Takeaways

Leading integrated cable tray manufacturers offer a wide range of materials, designs, and support systems for industrial, commercial, and infrastructure projects. Key Manufacturers and Suppliers

Shielden provides durable cable tray systems made from stainless steel, galvanized steel, aluminum, and fiberglass-reinforced plastic (FRP/GRP), suitable for industrial plants, offshore platforms, data centers, and renewable energy projects. They offer ladder, perforated, wire mesh, solid bottom, and channel trays, with custom solutions and corrosion/fire-resistant designs for long-term reliability (Shielden), . Vashi Integrated Solutions specializes in perforated, ladder, unperforated, and mesh cable trays, along with supports and accessories. Their products are used in factories, commercial buildings, data centers, solar power systems, and infrastructure projects like metros and airports. Vashi caters to electrical contractors, panel manufacturers, machine builders, and solar installers, providing both standard and custom options (Vashi Integrated Solutions), . AMROCK and DirectIndustry offer integrated solutions such as EASYCONNECT® wire mesh trays with built-in fixing systems, reducing installation time and enhancing safety. They also provide multifunctional trays combining high/low voltage cable management with LED lighting, suitable for IT networking, building infrastructure, and solar PV systems (DirectIndustry), . Global Wholesale Suppliers like Perfect Precision Products LLP and Shree Mahalaxmi Electrical provide bulk supply of perforated, ladder, and solid bottom trays in galvanized iron, mild steel, stainless steel, and aluminum. These trays comply with IS 14927 and IEC 61537 standards, offering modular designs, corrosion resistance, and high load-bearing capacity for industrial, commercial, and infrastructure applications (GlobalLinker), .

Regional Expertise

European manufacturers such as Niedax Group (Germany), Spina Group (Italy), and Legrand/Cablofil (France) are known for advanced designs, high-quality standards, and compliance with international regulations. They focus on sustainability, product longevity, and ease of installation, making them ideal for complex industrial and infrastructure projects (ApexTray), .

Considerations for Selection

When choosing a supplier, consider:

- Material and corrosion resistance: Stainless steel, aluminum, FRP/GRP for harsh environments.
- Tray type: Ladder, perforated, mesh, solid bottom, or multifunctional integrated trays.
- Load capacity and ventilation: Ensure trays support cable weight and allow heat dissipation.
- Compliance: Verify adherence to standards like IEC 61537 or IS 14927.

- Customization and accessories: Availability of bends, tees, reducers, covers, and mounting systems for flexible installation. These manufacturers and suppliers provide comprehensive solutions for structured cable management, ensuring durability, safety, and scalability for diverse projects.

Top 50 Cable Tray Manufacturers in the US

The top 50 cable tray manufacturers in the United States cable tray manufacturing sector are a robust and diverse

Wire Mesh Cable Tray Systems

Explore our standard catalog to view our customizable off-the-shelf designs. Request a consultation with a Marlin engineer to discuss

ABOUT US - MODULAR CABLE INFRASTRUCTURE SYSTEMS

From wire basket trays and aluminum cable trays to ladder racks and strut systems, every CTS product reflects our commitment to

Cable Trays

Spina Group designs and produces a complete range of cable tray profiles and mounting accessories engineered to ensure reliable,

Cable Trays Manufacturers and Suppliers in the USA and Canada

Custom manufacturer of building cable trays made from carbon steel and stainless steel materials. Capabilities include

Cable Trays

Choose from a wide array of cable tray products designed by MonoSystems, the leader in cable management equipment.

Cable Trays | Cable Management Systems | Snake Tray

Snake Tray manufactures cable trays, power distribution solutions and cost-effective cable management systems for data centers,

Cable Tray and Reels | Wire and Cable Management

Fast installation with dependable support. Everything you need to build a cable management system, including Cablofil wire mesh

Cable Tray And Fittings | Graybar Store

A cable tray system is used to support insulated electrical cables used for power distribution, control, and communication. Cable

Interflex USA

Our Cable and Wire Tray Systems, including wire basket, wire mesh, and sheet steel cable tray, stand out as epitomes of innovation

Top 50 Cable Tray Manufacturers in the US

The United States is a diverse landscape of top manufacturers spanning various sectors. These companies lead in

Wire mesh cable trays and stainless steel cable trays | SILTEC

Supplier of wire mesh cable trays and wire basket trays in stainless steel for production facilities and the whole industry.

Cable Trays Manufacturers and Suppliers in the USA and Canada

Manufacturer of standard and custom roll formed cable trays. Serves the agricultural, aerospace, antenna, electrical,

Cable Tray, Cable Trunking, Cable Ladder, Perforated Cable Tray

Cable tray is a assembly of units and associated fittings forming a rigid structural system which can securely support insulated

Cable Management | Explore the best solution here at Siltec

Cable Management - Wire Tray - Electrical Cable Tray - Ladder Trays. Simple and flexible cabling with cable trays from SILTEC.

Products

Discover our cable tray products, offering robust and versatile solutions for any setup. Ideal for data centers and industrial

Top 100 Cable Tray Manufacturers in 2026 | ensun

Atkore is a leading global manufacturer known for its extensive portfolio that includes Cable Tray Systems, essential for effective

Cable trays

The cable trays feature slot patterns allowing for optimal and efficient positioning of equipment and easy access for cable ties and
