

## Jinglian Fiber Optic Communication Equipment

### Overview

As a high-tech enterprise dedicated to innovation, we offer a comprehensive portfolio of cutting-edge products including ONU, OLT (EPON/GPON), optical modules, transmission equipment, and fiber optic accessories. The jinglian 12-port fiber terminal box supports multiple interfaces including st, fc, sc, and lc. it comes fully equipped with both round and square ports for strong compatibility, and its desktop design saves valuable space Suitable for home fiber optic upgrades, small to medium-sized enterprise. AFL - Fiber optic cable, transmission and substation accessories, outside plant equipment, connectors, fusion splicers, test and inspection equipment. Discover how these fusion-spliced, field-installable connectors simplify installation and improve performance. Fiber-Enabled Solutions for Utility. SENKO Advanced Components provides precise, user-friendly, and application-focused fiber optic connectors, enabling network operators to achieve the performance and reliability needed to meet the world's unquenchable demand for data. Optical Interconnect is our passion and we deliver our reliable.
