## Kuwait cable tray specifications dimensions and prices

### Overview

Standard widths based on tray type are: -50mm. -900mm. Standard thickness available: -1.6mm. Or 2.0mm.

### Key Takeaways

Cable trays in Kuwait are available in various materials, sizes, and types, with prices depending on dimensions, material, and supplier, ranging from small steel trays to large FRP/GRP systems.

- Steel Cable Trays
- Material: Galvanized or stainless steel
- Sizes: Common widths include 3-inch and 10-inch trays
- Features: Durable, suitable for industrial and commercial use, supports heavy cable loads, corrosion-resistant if galvanized
- FRP/GRP Cable Trays
- Material: Glass-reinforced plastic (FRP/GRP) with fire-resistant resins
- Types: Ladder type, perforated type, and duct systems
- Features: Anti-corrosion, UV-resistant, electrically insulating, lightweight, easy to install, low thermal conductivity, non-toxic

- Ventilated Cable Trays
- Material: Steel or aluminum
- Features: Provides ventilation to increase cable current-carrying capacity, standard lengths of 3 meters, compatible with various accessories like bends, tees, reducers

#### Accessories and Fittings

- Coupler plates, expansion plates, angle plates, splice plates
- Hold-down clips, clamps, trefoil clamps, cable ties, blind plates, divider strips
- Covers and cover fittings: Circular, rectangular, or square; chemical and weather-resistant; can include access hatches, inspection hatches, ladders, handrails, and walkways

#### Pricing Overview

- Small steel trays (3-inch): Typically used in commercial or light industrial settings; prices vary depending on supplier and quantity
- Large steel trays (10-inch): Suitable for heavy-duty industrial applications; prices are higher due to material and load capacity
- FRP/GRP trays: Custom sizes and fittings are available; pricing depends on tray width, length, and complexity of accessories

#### Suppliers in Kuwait

- Alnafaa Group: Specializes in FRP/GRP cable trays and accessories, offering custom sizes and fittings for industrial and commercial projects
- Kumail Electricals: Offers steel cable trays in standard sizes (3-inch, 10-inch) with fast delivery across Kuwait
- Keplic: Provides ventilated cable trays with full accessory range, standard 3-meter lengths
- Azar Group: Offers a wide range of cable trays for residential and commercial applications, with multiple materials and sizes. For accurate pricing, it is recommended to contact suppliers directly with your project specifications, as costs vary based on material, size, and quantity.
