

Mauritius Distribution Box Protection Manufacturer

Overview

Legrand Protection | Electrical.mu – tagged "Distribution Boxes" Browse, compare and buy Legrand breakers, miniature circuit breakers, RCD, isolators, inver.

Key Takeaways

Legrand, Electrical.mu, CMH, Ecodis, and Numelec are key suppliers of high-quality distribution boxes and enclosures in Mauritius. Key Suppliers and Manufacturers

1. Electrical.mu Electrical.mu offers a wide range of distribution boxes and enclosures suitable for residential, commercial, and industrial applications. Their products include Practibox S surface mounting cabinets, Easy9 modular enclosures, and Plexo³ weatherproof cabinets. These cabinets vary from 4 to 72 modules, with IP ratings from IP40 to IP65, and feature durable materials, earth terminal blocks, and self-extinguishing properties for safety. Warranties typically extend to 2 years . 2. Legrand Mauritius Legrand is a global specialist in electrical infrastructures and provides a variety of cabinets and enclosures in Mauritius. Their offerings include Practibox S, Drivia, XL³, XL³ S, and Plexo³ series, designed for easy wiring and operation. Cabinets are available for both flush-mounting and surface-mounting, with modular configurations suitable for residential and small commercial buildings . 3. CMH CMH supplies a comprehensive range of electrical solutions, including distribution boards, power cables, earthing systems, and home automation accessories. They collaborate with leading global brands to ensure high-quality products for construction and industrial projects . 4. Ecodis Ecodis provides electrical solutions for residential, commercial, and industrial projects, including switchgear, concealed boxes, and weatherproof distribution boxes. They are the official representative for the GREAT WHITE brand, offering durable and technically compliant enclosures . 5. Numelec Numelec specializes in electrical materials and accessories, including cable management and distribution solutions. They have over 30 years of experience in the industry and provide guidance for selecting the right electrical products for various installations .

Considerations for Choosing Distribution Boxes

- IP Rating: Choose IP40 for indoor use and IP65 for outdoor or weather-exposed installations.
- Modularity: Ensure the number of modules matches your circuit requirements (e.g., 12, 18, 36 modules).
- Material and Safety: Look for self-extinguishing materials and compliance with IEC standards.
- Warranty and Support: Most suppliers offer 2-year warranties and technical support for installation. These suppliers provide both ready-to-install cabinets and customizable solutions, making them suitable for a wide range of electrical projects in Mauritius.
