Overview

Custom Cable Configurator Custom Cable Configurator Build and buy your perfect custom fiber optic cable Fiber Optic The better, faster, easier way to build.

Key Takeaways

Custom-made trailed optical cables typically range from \$5 to \$1,800 per cable depending on length, fiber type, and connector configuration. Overview of Pricing

- Short indoor cables (1-30 meters): Prices start around \$5-\$15 for standard OS2 or OM3/OM4 fibers with basic LC, SC, or ST connectors .
- Medium-length cables (30-100 meters): Custom cables with armored or outdoor-rated jackets can range from \$14-\$50 depending on fiber count and environmental protection .
- Long or specialized cables (100-300 meters or more): Industrial or hybrid cables with multiple fibers, armored protection, or tactical jackets can cost \$100-\$1,800 per assembly .

Customization Options

- Connector Types: LC, SC, ST, FC, MTRJ, MTP, APC, UPC, and more .
- Fiber Type: Singlemode (OS2) or Multimode (OM1, OM2, OM3, OM4) for different bandwidth and distance requirements .
- Jacket Type: Indoor, outdoor, armored, aerial, tactical, zip cord, tight-buffered, plenum, or riser rated .

- Fiber Count: 1, 2, 4, 6, 8, 12, 24, 48 strands, with higher counts increasing cost .
- Length: Any length can be custom-made, with longer cables generally increasing the price .

Ordering and Quotes

- Many suppliers, such as Cables For Less, Datacomm Cables, Discount Fiber, and FS, offer online configurators to build your cable to exact specifications and request a personalized quote .
- Bulk orders or specialized assemblies often receive discounted pricing, especially when purchased by the foot or reel .
- For precise pricing, it is recommended to contact the supplier directly with your required fiber type, length, connector, and jacket specifications.

Recommendations

- For standard indoor patch cables, expect lower costs (\$5-\$20 per cable).
- For industrial or armored outdoor cables, budget for higher costs (\$50-\$1,800) depending on length and fiber count.
- Always confirm lead times and shipping costs, as custom assemblies may require additional manufacturing time. By using the online configurators or contacting fiber specialists, you can obtain a tailored price quote that matches your exact requirements and ensures compatibility with your network infrastructure .
