Price of cable trays along walls

Overview

Amazon.com: Wall Mount Cable Tray Metal Wire Cable Management Tray for Office, Studio and Home. Super Sturdy Under Table Cable Management - Black Cable Amaz.

Key Takeaways

Wall-mounted cable trays typically range from \$15 to \$76 per unit, depending on material, type, and purchase volume. Consumer (B2C) Pricing

For small-scale or home/office installations, wall-mounted cable trays are available on platforms like Amazon. Prices generally range from \$15 to \$34 per tray, with options including metal wire trays, perforated trays, and under-desk organizers. These products are often designed for easy, no-drill installation using clamps or adhesive strips, making them suitable for DIY setups .

Industrial and Commercial (B2B) Pricing

For larger projects, such as commercial buildings, data centers, or industrial facilities, prices vary significantly based on material, size, and load capacity:

- Galvanized steel trays: Common for general industrial use, moderately priced.
- Stainless steel trays: Used in corrosive or hygienic environments, higher cost.
- Plastic or GRP trays: Lightweight and suitable for wet areas, mid-range pricing.

- Wire mesh trays: Flexible and easy to install, often preferred for complex routing. Bulk purchases through suppliers like Alibaba or specialized distributors can range from \$0.80 to over \$76 per unit, depending on specifications and order volume. These trays are designed for heavy-duty applications and may include perforated, ladder, or solid-bottom designs .

Factors Affecting Price

- Material: Stainless steel > galvanized steel > plastic.
- Tray type: Ladder trays for heavy cables cost more than perforated or wire mesh trays.
- Size and length: Larger trays or longer sections increase cost.
- Installation accessories: Brackets, hangers, and wall-mount fittings may add to the total price.
- Volume: Bulk orders reduce per-unit cost significantly.

Summary

- DIY/home use: \$15–\$34 per tray, easy installation.
- Industrial/commercial use: \$0.80–\$76 per tray, depending on material, type, and bulk order.
- Material choice and load requirements are key determinants of cost, with stainless steel and ladder trays being the most expensive options . For accurate pricing, it is recommended to check suppliers like Amazon, McMaster-Carr, Graybar, or specialized industrial distributors, considering both the tray type and installation requirements.
