

Price of outdoor 2-core single-mode optical fiber

Overview

Amazon.com: Outdoor Fiber Optic Cable Industrial-grade outdoor fiber optic cables with armor protection. Multiple configurations for long-distance transmiss.

Key Takeaways

Outdoor single-mode 2-core optical fiber cables typically range from \$0.50 to \$2.50 per meter, depending on specifications, brand, and quantity. Pricing Overview

- Amazon offers 2-core outdoor single-mode fiber cables (G657A1) suitable for FTTH applications, with prices varying based on length and seller options .

- Alibaba lists wholesale 2-core single-mode fiber optic cables with CE certification and LSZH jackets, with prices starting around \$0.50-\$1.50 per meter for bulk orders .

- Multicoreinfotech provides 2-core FTTH single-mode cables with a 5.5 mm outer diameter, FRP reinforcement, and yarn for durability, though exact prices are typically available upon request or quotation .

Factors Affecting Price

- Cable Type: OS2 or G657A1 single-mode fibers are standard for outdoor use; G657A1 offers better bend performance.

- Jacket Material: LSZH (Low Smoke Zero Halogen) or PE jackets affect cost and suitability for outdoor installation.

- Length and Quantity: Bulk purchases reduce per-meter cost; shorter lengths or pre-terminated cables may be more expensive per meter.

- Supplier and Certification: CE-certified or ISO-compliant cables may carry a premium.

Recommendations

- For small-scale installations, Amazon or FiberOptic Supply patch cords may be convenient, with pre-terminated options and lengths from 1 m to 100 m .
- For large-scale or telecom deployments, sourcing from Alibaba or specialized suppliers like Multicoreinfotech can provide cost-effective bulk pricing and customizable specifications . By considering these factors, you can select a 2-core outdoor single-mode optical fiber cable that balances performance, durability, and cost for your specific application.
