

Procurement of Fire-Resistant Cable Trays in Nepal

Overview

Being a trust-worthy Cable Trays supplier in Nepal, we are committed to timely supply, high quality, and superior customer care.

Key Takeaways

Fireproof and heavy-duty cable trays in Nepal are available from multiple local manufacturers and suppliers offering durable, corrosion-resistant, and standards-compliant solutions.

Key Suppliers and Manufacturers

- Hutaib Electricals – Established in 2001, Hutaib Electricals is a leading manufacturer and supplier of perforated, ladder, wire mesh, basket, and channel cable trays in Nepal. They offer finishes such as GI Hot Dip, Pre-Galvanized (IS-277), Powder Coated, and Stainless Steel (SS 202/304/316), which provide fire resistance and durability. Accessories like bends, elbows, tees, and reducers are also available to support complex installations .

- Cable Tray Company Nepal – Offers perforated and ladder cable trays in various sizes (height: 25–100mm, width: 40–1000mm) with finishes including pre-galvanized, powder-coated, painted, and hot-dip galvanized. Their products are suitable for industrial and commercial projects requiring fireproof and corrosion-resistant solutions .

- Brilltech Engineers Pvt. Ltd. – Supplies galvanized steel, stainless steel, and fiberglass cable trays designed for enhanced safety, airflow, and fire resistance. They provide installation support and system design assistance, ensuring compliance with safety standards in Nepal .

- Kiash Electricals – Although based in Kolkata, they export metal cable trays to Nepal, offering heavy-duty, corrosion-resistant, and durable trays suitable for industrial and commercial applications. Their products comply with international standards and are packaged for safe delivery .

Types and Materials

- Perforated Cable Trays – Allow airflow to prevent overheating, suitable for fire-sensitive environments.

- Ladder Cable Trays – Ideal for heavy-duty cables, providing robust support and fire resistance.

- Wire Mesh and Basket Trays – Flexible layouts for IT and telecom installations, with fireproof coatings.

- Materials – Stainless steel (SS 304/316), galvanized steel, and fiberglass for fireproof and corrosion-resistant performance.

Procurement Considerations

- Compliance – Ensure trays meet IS-277, IS-2629, or equivalent international standards for fire resistance and load capacity.

- Accessories – Include bends, tees, reducers, and supports for complete installation.

- Delivery and Support – Check if suppliers provide installation guidance, timely delivery, and packaging for safe transport.

- Customization – Many suppliers offer custom sizes and finishes to match project requirements.

Conclusion

For procuring fireproof cable trays in Nepal, local manufacturers like Hutaib Electricals, Cable Tray Company Nepal, and Brilltech Engineers provide a wide range of durable, standards-compliant, and fire-resistant solutions. International suppliers such as Kiash Electricals can also be considered for specialized or heavy-duty applications. Selecting trays with stainless steel or hot-dip galvanized finishes ensures fire safety, corrosion resistance, and long-term reliability .
