

Ranking of Cable Tray Anti-corrosion Channel Manufacturers

Overview

Find trusted channel cable tray manufacturers with custom options, fire resistance, and corrosion protection.

Key Takeaways

Top manufacturers of corrosion-resistant cable trays include ALOIS Composites, Oglaend System Group, Enduro Composites, Atkore International, and Snake Tray, recognized for their FRP and coated solutions. Leading Global Manufacturers

1. ALOIS Composites (Europe) ALOIS Composites is a premier European producer of fiberglass-reinforced cable trays, known for high-quality pultruded profiles designed for corrosive environments. Their trays are widely used in chemical plants, offshore platforms, and power utilities, offering superior strength, lightweight design, and reduced installation costs . 2. Oglaend System Group (Global) A global leader in composite cable management, Oglaend System Group serves oil & gas, marine, and industrial sectors across 50+ countries. Their fiberglass trays provide exceptional corrosion resistance and fire retardancy, minimizing maintenance in harsh offshore and chemical environments . 3. Enduro Composites (North America) Dominating the North American market, Enduro Composites specializes in FRP trays for utilities, transportation, and wastewater facilities. Their products feature high dielectric properties and strength-to-weight ratios, ideal for high-voltage and coastal installations prone to galvanic corrosion . 4. Atkore International (Global) Atkore offers a broad portfolio of cable tray systems, including corrosion-resistant options. They are recognized for innovation, quality, and compliance with international standards, serving construction, industrial, and energy sectors . 5. Snake Tray (USA) Snake Tray manufactures aluminum, steel, and FRP cable trays, focusing on innovative cable management solutions for data centers, solar installations, and transit projects. Their corrosion-resistant designs reduce construction costs and ensure timely availability .

Notable Regional Manufacturers

Europe:

- Niedax Group (Germany): Advanced cable trays and support systems for construction, energy, and transportation sectors.
- Spina Group (Italy): Ladder and perforated trays for heavy-duty industrial and shipbuilding applications.
- Legrand/Cablofil (France): Wire mesh trays with easy installation and adaptability .

South America:

- Industrias Proa S.A. (Argentina): Durable cable management products for industrial applications.
- TechTray Latin America: Customizable trays for mining and heavy industry.
- BandaMetal (Argentina): Corrosion-resistant trays for renewable energy and urban infrastructure .

Asia:

- PT Trias Indra Saputra (Indonesia): Reliable cable tray systems for indoor and outdoor applications.

- ELCON Cable Trays Pvt. Ltd. (India): Wide range of FRP, ladder, perforated, and wire mesh trays .

Key Considerations for Selection

- Material: FRP, stainless steel, or coated metals for corrosion resistance.
- Compliance: EN 61537, ISO 9001, and IEC standards for global compatibility.
- Application: Offshore, chemical, coastal, or high-voltage environments.
- Innovation: Self-connecting systems, lightweight designs, and modularity for easy installation. These manufacturers are recognized for high-quality, corrosion-resistant cable trays suitable for industrial, commercial, and renewable energy projects worldwide.

Top 10 Companies in the Fiberglass-reinforced Cable Tray Industry

In this blog, we profile the Top 10 Companies in the Fiberglass-reinforced Cable Tray Industry —a blend of global

Top 100 Cable Tray Manufacturers in 2026 | ensun

The company manufactures a comprehensive range of cable trays, including FRP cable trays and various accessories, designed for

Top 10 Cable Trays Manufacturers And Suppliers | B2B Headlines

This blog will help you find the best cable tray manufacturers and suppliers from various online B2B platforms based on your

Channel Cable Tray Manufacturer

Find trusted channel cable tray manufacturers with custom options, fire resistance, and corrosion protection. Click to

Best Cable Tray Brands for 2025

Discover the top cable tray brands in 2025 offering durability, fire resistance, and industrial-grade quality. Compare

Cable Trays Manufacturers and Suppliers in the USA and Canada

Custom manufacturer of building cable trays made from carbon steel and stainless steel materials. Capabilities

Top 10 Companies in the Metal Cable Trays Industry (2026): Market ...

In this blog, we profile the Top 10 Companies in the Metal Cable Trays Industry —a mix of European engineering

B-Line series Cable Tray Design Considerations

Aluminum cable tray Typically, aluminum cable tray can perform indefinitely, with little to no degradation over time, making it ideal for

Top 10 Electrical cable tray manufacturers Companies and Products ...

Top 10 Cable Trays Manufacturers And Suppliers | B2B Headlines Product Details: Cable trays are structural systems used to hold

IEC 61537:2023 | IEC

Where necessary, cable tray systems and cable ladder systems can be used for the arrangement of cables into groups. This

How to choose the type of anti-corrosion layer on the surface of cable tray

The anti-corrosion layers on cable trays include hot-dip galvanizing, galvanized nickel, cold galvanizing, powder electrostatic

Top 100 Cable Tray Manufacturers in 2026 | ensun

Aluminum Aluminum cable trays are lightweight and resistant to corrosion, making them ideal for applications where weight is a

Cable Tray Institute

The Cable Tray Institute (CTI) was founded in 1991 to support the cable tray industry by engaging in research, development,

Cable Tray Manufacturers: Top Suppliers for Industrial Cable

Need reliable cable tray manufacturers? Discover verified suppliers offering galvanized steel, perforated, and stainless

GUIDE CABLE TRAYS TECHNICAL

For consistency with the corrosion resistance of accessories and cable trays, and minimise corrosion breaking lines due to the

Cable Tray Types and Sizes

Explore various cable tray types and sizes for electrical installations. Learn about ladder, perforated, solid-bottom, wire mesh, and

FRP Cable Tray Is Light and Has Anti-Corrosive Surface

FRP cable trays are lighter than common steel cable trays. They have good corrosion-resistant and fire retardant properties so that

Anti-Corrosion Measures for Cable Trays Near Coastal and Corrosive

This study aims to identify the primary causes of corrosion in cable trays near coastal areas, assess the most
