Slovenia electrical distribution box manufacturer direct supply

Overview

Who supplies electricity in Slovenia?

Manufacturers and suppliers on. In the business search engine SJN you find products and services from manufacturers.

Key Takeaways

You can find electrical distribution box manufacturers in Slovenia through specialized companies like Elba d.o.o. and Max. Elektro Gorenjska, as well as B2B directories and supplier databases.

- Elba d.o.o. – A leading Slovenian manufacturer and distributor of electrical installation products, including distribution boxes. They use advanced machinery for sheet metal processing and offer powder coating for durability and aesthetics. Elba also provides custom manufacturing services and expert advice for product realization. More details can be found on their website: elba.si.

- Max. Elektro Gorenjska, d.d. – Specializes in electrical distribution and power grid solutions. They provide services for connecting temporary structures to electrical networks and ensure compliance with construction regulations. They are a key player in Slovenia's electrical distribution sector.

B2B Directories and Supplier Databases

- SloveniaBusiness.eu – Offers a database of over 7,000 Slovenian exporters, where you can search for electrical distribution equipment manufacturers by company name, product, or business segment.

- Europages Slovenia – Lists 23 companies and suppliers for electricity distribution equipment, allowing direct contact with wholesalers and manufacturers .
- ListCompany.org – Provides a directory of electrical equipment and supplies companies in Slovenia, including firms involved in design, manufacturing, and installation of electrical systems .

Additional Options

For broader sourcing, you can explore other specialized suppliers in Slovenia that focus on electricity management, infrastructure, and renewable energy solutions, such as Interenergo and Elektro Ljubljana, which may also provide distribution equipment or related services . By leveraging these manufacturers and directories, you can identify suitable suppliers for electrical distribution boxes, compare product offerings, and establish direct business contacts.
