

Sri Lanka Cable Tray Manufacturers and Suppliers

Overview

Cable tray and Ladder systems are versatile cable management solutions used to support and route cables in various environments.

Key Takeaways

Top cable tray manufacturers in Sri Lanka include Bianco, C&D Electrical, Magline, CEYLEKTRA, and Gaurav Electromech, offering durable, corrosion-resistant, and customizable cable management solutions. Leading Manufacturers

Bianco is a trusted name in Sri Lanka, providing cable trays in mild steel, stainless steel, and aluminum suitable for both indoor and outdoor applications. Their products are designed for industrial and commercial use, offering protection against corrosion and environmental elements while ensuring safe and efficient cable management . C&D Electrical specializes in high-quality cable trays and accessories, emphasizing flexibility and durability. They cater to industries such as power generation, telecommunications, and construction, with customization options for size and material to meet specific project requirements . Magline focuses on slotted cable trays, ideal for projects requiring flexible routing and easy attachment of accessories. Their solutions are widely used in industrial plants, data centers, and telecommunications infrastructure . CEYLEKTRA offers hot-dip galvanized and powder-coated cable trays and ladders, manufactured to EN 61537 standards. These trays provide excellent corrosion resistance, mechanical strength, and aesthetic appeal, making them suitable for harsh industrial environments as well as indoor commercial installations . Gaurav Electromech provides premium cable management solutions with durable, rust-resistant materials. Their trays are suitable for industrial, commercial, and domestic applications, ensuring safety, longevity, and compliance with local and international standards .

Key Features to Consider

- Material Options: Mild steel, stainless steel, aluminum, hot-dip galvanized, and powder-coated finishes.
- Durability: Corrosion-resistant and mechanically strong for long-term performance.
- Compliance: Manufactured to international standards such as EN 61537 and EN ISO 1461.
- Customization: Available in various sizes, RAL colors, and configurations to suit project needs.
- Applications: Suitable for industrial, commercial, and residential electrical installations, including power and data cabling. These manufacturers provide end-to-end solutions, from product selection to installation support, ensuring reliable and efficient cable management for diverse applications in Sri Lanka .
