

Top 10 Cable Management Equipment Manufacturers

Overview

Manufacturer and distributor of cable management systems including tubings, edge clips, ties, wire mesh, and blind mounts.

Key Takeaways

The leading global cable management manufacturers include Schneider Electric, ABB, Legrand, Panduit, HellermannTyton, TE Connectivity, HARTING, Thomas & Betts, Eaton, and Snake Tray.

- Schneider Electric – Headquartered in France, Schneider Electric offers a wide range of cable management solutions through its APC and NetShelter brands, including cable trays, vertical and horizontal managers, fiber organizers, and advanced rack-mounted accessories for industrial and data center applications .

- ABB Ltd – A Swiss-based company providing heavy-duty cable tray systems, ladder and basket trays, and fastening products like Ty-Rap® cable ties, designed for industrial, commercial, and infrastructure applications .

- Legrand – A global leader in electrical and digital building infrastructures, Legrand offers cable trays, raceways, and smart cable management solutions, including acquisitions like Speed-O-Flex to expand data center offerings .

- Panduit – Specializes in cable trays, ties, and connectors for telecommunications, industrial, and construction applications, often partnering with other manufacturers for integrated solutions .

- HellermannTyton – Provides cable trays, ties, and connectors for efficient cable routing and protection across multiple industries, including data centers and industrial automation .
- TE Connectivity – Offers heat-shrinkable tubing, molded parts, backshells, and labeling products for wire protection, suitable for harsh environments and high-performance applications .
- HARTING – Known for custom cabling solutions, molded cables, pre-assembled cabling, and robust industrial connectors, emphasizing IP protection, vibration resistance, and EMC safety .
- Thomas & Betts – Offers a broad portfolio of cable management products, including conduits, cable trays, and fastening systems for industrial and commercial installations .
- Eaton Corporation – Provides cable management solutions integrated with electrical distribution and automation systems, including trays, ducts, and enclosures for industrial and commercial use .
- Snake Tray – Focuses on modular and hand-bendable cable trays, high-capacity trays, and solutions for access floors, catering to both industrial and commercial environments .

Key Insights

These companies dominate the global cable management market due to their extensive product portfolios, global distribution networks, and innovation in cable routing, protection, and monitoring systems. Many also invest in smart and environmentally-friendly solutions, such as cloud-based monitoring platforms and stainless steel or galvanized trays for durability . This list provides a comprehensive starting point for evaluating suppliers for industrial, commercial, or data center cable management needs.
