

UAE Low-Voltage Complete Distribution Box Factory

Overview

Electric Distribution Box Companies & Exporters in United Arab Emirates Both established local companies and international exporters are increasingly target.

Key Takeaways

The UAE hosts several reputable low-voltage distribution box manufacturers, including Prime Electrical Manufacturing, Keshar Automation, VOLTAGE Elect. Switchgear Industries, and Sama Al Emirate Electrical Panels Manufacturing, offering high-quality, certified LV distribution solutions.

Key Manufacturers

Prime Electrical Manufacturing (PEM) – Based in Dubai, PEM provides a wide range of low-voltage switchgear, power distribution, protection, and control solutions. They are a franchise partner of Schneider Electric and Delta Lighting, offering products such as Main Distribution Boards (MDBs), Motor Control Centers (MCCs), and intelligent LV switchgear systems. PEM serves commercial, residential, and industrial projects across the UAE, with ASTA-certified products and approvals for Dubai's public works sector . Keshar Automation – Keshar is a leading manufacturer and exporter of LT (low-tension) distribution boxes in the UAE. Their products are CPRI-approved, ensuring compliance with international safety and performance standards. Keshar's LV distribution boxes are designed for industrial, commercial, and infrastructure applications, offering customizable configurations, energy-efficient operation, and durable enclosures suitable for harsh environments . VOLTAGE Elect. Switchgear Industries Co. Ltd. – Established in 1988, VOLTAGE specializes in low-voltage switchboards and distribution solutions. Their offerings include MDBs, SMDBs, capacitor banks, ATS panels, and MCCs. The company emphasizes quality management, safety, and after-sales support, providing design, assembly, testing, and delivery services for industrial and commercial LV power distribution systems . Sama Al Emirate Electrical Panels Manufacturing LLC (SES) – Located in Mussafah, Abu Dhabi, SES is a vertically integrated manufacturer of LV switchgear and panels. They produce modular low-voltage switchgear, main and sub-main distribution boards, motor control centers, capacitor banks, and DG synchronization panels. SES emphasizes safety, quality, and service throughout the product lifecycle, with ABB-approved components and state-of-the-art manufacturing facilities .

Products and Services

These manufacturers provide a comprehensive range of LV distribution solutions, including:

- Main Distribution Boards (MDBs) and Sub-Main Distribution Boards (SMDBs) for branch circuit distribution and protection.
- Motor Control Centers (MCCs) integrating starters, circuit breakers, and control devices.
- Capacitor banks for power factor correction in industrial networks.
- Automatic Transfer Switch (ATS) panels and DG synchronization panels for reliable power management.
- Customizable LV panels designed for industrial, commercial, and infrastructure projects, ensuring compliance with international standards and local regulations .

Conclusion

The UAE's LV distribution box industry is well-established, with manufacturers offering certified, durable, and customizable solutions for a wide range of applications. Companies like PEM, Kesher Automation, VOLTAGE, and SES provide both standard and tailor-made LV distribution panels, ensuring safety, reliability, and energy efficiency for industrial, commercial, and residential projects .
