

Which company makes the best fire-resistant cable trays in South Sudan

Overview

Since 1982, VALDINOX has been designing and manufacturing wire mesh cable trays, supports, and easy-installation accessories.

Key Takeaways

Top fireproof cable tray solutions for South Sudan are offered by AESTUVER – James Hardie Europe GmbH, FLAMRO, Emit Metal, and regional African manufacturers like Legrand and El Sewedy Electric. International Manufacturers

- AESTUVER – James Hardie Europe GmbH: Specializes in high-performance structural fire protection, including fireproof cable duct systems and fire protection elements suitable for industrial and commercial installations in harsh environments .
- FLAMRO: Offers fire protection coatings and tapes (FLAMMOTECT-A and DG-CR 0.7) that enhance cable resistance to fire, UV, moisture, and chemicals, ensuring cables remain functional during emergencies .
- Emit Metal (Turkey): Produces metal cable trays, ladders, and trunking systems with high durability and fire resistance, suitable for large-scale industrial projects .

- Eurotray: Provides cable management systems with fireproofing options for various industries, ensuring reliable organization and protection of cables .

African Manufacturers

- Legrand (South Africa): Offers a wide range of cable trays and raceways with fire-resistant properties, serving industrial, commercial, and residential sectors across Africa .

- El Sewedy Electric (Egypt): Supplies durable cable trays and electrical enclosures with fire protection features, distributed throughout Africa and the Middle East .

Considerations for South Sudan

When selecting fireproof cable trays in South Sudan, consider:

- Compliance with international fire safety standards (EN 61537, UL, IEC) to ensure reliability in industrial and infrastructure projects.

- Environmental resistance: Products should withstand high temperatures, humidity, dust, and potential chemical exposure.

- Local availability and support: African manufacturers like Legrand and El Sewedy Electric may offer faster delivery and regional support compared to European or Turkish suppliers.

- Project scale: For large industrial or power projects, international brands like AESTUVER and Emit Metal provide robust, high-capacity solutions. By combining international expertise with regional availability, South Sudanese projects can achieve optimal fire safety and cable management performance.
